# Are bifacial solar panels anti-dumping

## Overview

---

InfoLink compiled the duties imposed on Chinese exports to the U.S. After anti-dumping duties decreased to nil, duties imposed on bifacial modules still.

Among these developments, the WRO imposed by the CBP causes the biggest impact on PV importers to the U.S. As it takes longer to ship products to the U.S..

Are bifacial solar panels subject to tariffs?

Bifacial solar panels generally used in utility-scale solar projects are not currently subject to safeguard tariffs under Section 201 of the Trade Act of 1974. After the Trump administration implemented an exclusion for bifacial modules, they now make up almost all U.S. solar panel imports, the White House said.

Will bifacial solar cells/panels be subject to Section 201 duties?

With the exemption removed, bifacial solar cells/panels will now be subject to Section 201 duties. The affected solar cells and modules are classified under the following Harmonized Tariff Schedule (HTS) codes:.

Why did the president remove bifacial solar panels?

The Office of the President has turned its focus to solar panels, announcing the removal of the bifacial solar panel Section 301 tariff exclusion and addressing issues of stockpiling during trade cases, alongside promoting the nation's manufacturing base. From pv magazine USA.

Will bifacial solar panels lose exemption?

In addition to bifacial panels losing their exemption, the Biden Administration said it will raise the tariff-rate quota (TRQ) of silicon solar cells by 7.5 GW, if needed.

Will Biden extend bifacial solar panels?

On February 4, 2022, President Biden announced an extension and

modification of the existing safeguard tariffs for an additional four years. In his announcement, the President included an exemption for bifacial solar panels. This decision comes after the ITC recommended in November 2021 to extend the safeguard tariffs for an additional four years.

When can I import bifacial solar panels?

The affected solar cells and modules are classified under the following Harmonized Tariff Schedule (HTS) codes: Importers who signed contracts by May 16, 2024, may import bifacial solar panels without Section 201 duties from June 26, 2024, to September 23, 2024, provided the contract terms have not changed.
