Beijing Industrial Park Energy Storage Project

Overview

What happened at an energy storage power station in Beijing?

Firefighters work in the accident site in an energy storage power station in Fengtai District of Beijing, capital of China, April 16, 2021. Two firefighters died when they were putting out a fire in an energy storage power station on Friday.

Will China build a zero-carbon Park in 2024?

In 2024, a plan was unveiled to build a zero-carbon park in Beijing's Daxing District. Provinces and regions like Guangxi, Yunnan and Fujian have included zero-carbon park construction in their 2025 government work reports. China has pledged to peak carbon emissions by 2030 and reach carbon neutrality by 2060.

Are energy parks a key engine for China's high-quality economic growth?

According to Wu Wei, an associate professor at the China Institute for Studies in Energy Policy at Xiamen University, such parks not only drive low-carbon development but also enhance enterprises' innovation capability, energy efficiency and informatization level, serving as a key engine for China's high-quality economic growth.

What's new in China-Singapore's Suzhou Industrial Park?

LOW-CARBON INNOVATIONS GO GLOBAL In Jiangsu's Suzhou Industrial Park, a joint China-Singapore zero-energy building fitted with rooftop photovoltaic panels, small wind turbines and an Al-controlled lighting and climate system showcases the possibilities of future urban architecture.

Does China have a zero-energy building?

According to Li Wenjie, deputy director of the institute of urban development at Suzhou Industrial Park, the zero-energy building has been certified by standards organizations in both the United States and Singapore. "This

highlights that China's carbon reduction technologies have gained worldwide recognition," he noted.

Where is a solar charging station located in China?

This photo shows a charging station powered by the solar array at an industrial park in Liyang, a county-level city under Changzhou in east China's Jiangsu Province, April 17, 2025. (Xinhua)
