Bhutan Photovoltaic Module Procurement Project

Overview

Bhutan's Ministry of Economic Affairs, on behalf of the Department of Renewable Energy, has invited bids for the design, procurement, construction, and completion of the 17.38 MW Sephu solar photovoltaic (PV) power project. What is a solar project in Bhutan?

Project Goals and Approach to Transformational Change: The project aims to install 30 MW of solar PV and strengthen the regulatory environment to accelerate Bhutan's renewable energy market, fully realising its solar energy plan of 1000 MW as planned by the government in the current five-year plan (2024-2028).

What is Bhutan's first solar power project?

The first phase of Bhutan's first utility-scale solar power project at Sephu in Wangdue Phodrang is set for completion by March next year. A utility-scale solar facility generates solar power and feeds it into the grid. The 17.38-megawatt solar farm is expected to generate around 24 million units of energy annually, once operational.

What is Bhutan's re master plan (2017-2032)?

Bhutan's RE Master Plan (2017-2032) identifies 39,462 MW of potential small hydropower, solar, and wind projects, underscoring the country's commitment to clean energy. The project directly supports the implementation of this Master Plan. **Project Goals and Approach to Transformational Change:**

Bhutan Photovoltaic Module Procurement Project

REQUEST FOR PROPOSALS: Provide turnkey services for the ...

Feb 27, 2025 · The Women Empowerment through Renewable Energy Powered Decentralised Lift Irrigation Systems in Bhutan (WERELIS - Bhutan) project, funded by the International ...

Detailed Project Report

Jul 28, 2020 · This project report covers technology selection, location & satellite image of plant site, site infrastructure, description & comparison of solar PV technologies, design criteria for ...

Reliance Power Signs Agreement with Bhutan to Develop Solar Energy Project

Jun 9, 2025 · Reliance Power signs 500 MW solar project deal with Bhutan, Rs 2000 crore investment, largest FDI in Bhutan's solar energy.

500 kW solar power plant to be installed at KN Energies' ...

On 14 August 2025, AB KN Energies and UAB Elmitra, the contractor selected through a public

procurement procedure, signed a contract for the installation of a 500 kW solar power plant at ...

Reliance Power to develop 500 MW solar project in Bhutan ...

Jan 2, 2025 · The contract involves the supply of N-Type TOPCon Glass-to-Glass (G12R) solar photovoltaic (PV) modules with a rated capacity of 615 Wp. These modules will support the ...

TCIL Invites Bids for 120 MW Solar Project in Bhutan's ...

Feb 10, 2025 · Telecommunications Consultants India (TCIL) has invited expressions of interest to select a consortium partner to implement a 120 MW ground-mounted solar project. The ...

Bhutan : Renewable Energy for Climate Resilience Project

Oct 18, 2022 · The project will finance the construction of one solar photovoltaic (PV) power plant located in central-west Bhutan with a minimum total capacity of 17.38 megawatt peak (MWp). ...

Consulting Firm For Solar Pv Power Plant, Bhutan

Tender Tender TI Ref No : 469411147 Tender Date : 19 Jan 2022 Tender Description : Consulting Firm For Solar Pv Power Plant, Bhutan Tender Deadline : 02 Feb 2022 Tender Project ...

Bhutan's Biggest Solar Project Yet: A Giant Leap Toward ...

Druk Green Power Corporation Limited (DGPC) awarded the contract for the 120 megawatt-peak (MWp) Jamjee Solar Photovoltaic Project in Thimphu to the HILD-Rigsar Consortium. This ...

DGPC awards 120 MWp solar project to HILD-Rigsar ...

Jul 21, 2025 · TIL BDR GHALLEY Thimphu Druk Green Power Corporation Limited (DGPC) has awarded the contract for Bhutan's first and largest utility-scale solar photovoltaic (PV) project ...

Bhutan's Hydropower Paradox: The Case for a ...

Aug 19, 2025 · A solar module factory is an energy-intensive operation. The [link: solar panel manufacturing process] relies on a stable and cost-effective power ...

What are the Best Practices & Considerations in ...

Apr 14, 2021 · Project Procurement in the Solar Industry - Best Practices Utility scale solar projects on a megawatt scale are executed by EPC companies, ...

PowerChina wraps up record 102 GW solar equipment

Dec 14, 2024 · PowerChina has announced the results of the largest procurement tender in solar industry history, involving 51 GW of PV modules and 51 GW of inverters.

First phase of Bhutan's Utility-Scale Solar Project ...

Sep 4, 2024 · The first phase of Bhutan's first utility-scale solar power project at Sephu in Wangdue Phodrang is set for completion by March next year. A ...
