Brussels invests in energy storage battery company

Overview

Belgian energy storage firm Bnewable, founded in 2022 and specializing in battery systems and energy management for businesses, has announced a €40 million commitment of fresh growth capital by its existing investors. What does the new funding mean for battery storage in Belgium?

This new funding will be used to accelerate operations in Belgium, make further investments in battery storage at customer sites, and fulfill both its Belgian and European ambitions as part of the energy transition.

Will a battery storage system make Belgium more flexible?

Belgian high-voltage grid operator Elia has said in its Adequacy and Flexibility for Belgium (2024-2034) study that the flexibility created by battery storage systems, amongst others, will be central to its strategy in the coming years, as noted by Montea.

What is Saft's largest battery installation in Europe?

total energy storage capacity of 130 MWh, this project will be the Company's largest battery installation in Europe. The batteries, 40 Intensium Max High Energy lithium-ion containers, will be supplied by Saft, the battery subsidiary by the end of 2024, will help meet the needs of the European and Belgian high-voltage transmission network 2.

Where is totalenergies launching its largest battery energy storage project?

egrated Power & Renewables: TotalEnergies Launches in Belgium Its Largest Battery Energy Storage Project in Europe Paris, May 15, 2023 – TotalEnergies has launched at its Antwerp refinery (Belgium), a battery farm project for energy storage w.

Why is bnewable investing €40 million in Belgium?

“With the new €40 million investment, we will accelerate our growth strategy in Belgium and serve our customers even better in an increasingly complex

electricity market,” says Kristof Vereenooghe, co-founder of Bnewable.

Can bnewable manage a gigawatt hour of storage capacity in Belgium?

“Our ambition is to manage one gigawatt hour of storage capacity in Belgium by 2030, equivalent to the capacity of two gas power plants,” said Christophe Degrez, CEO and co-founder of Bnewable. “Smart control allows us to aggregate the energy generated via battery systems at our customers’ premises.

Brussels invests in energy storage battery company

Montea to invest EUR30 million in battery energy ...

Jun 7, 2024 · The company will invest EUR17.5 million in installing battery energy storage systems (BESS) at 14 of its sites across Belgium. Almost half of its ...

Eneco invests in major battery energy storage ...

Jun 7, 2023 · Eneco is investing in a major battery energy storage project in Ville-sur-Haine in Wallonia, Belgium. With the installation of a 50 MW/200 MWh of ...

Europe's Largest Battery Storage Project Receives Approval: ...

Apr 23, 2024 · The construction of the GIGA Green Turtle, a massive 600 MW/2,400 MWh Battery Energy Storage System (BESS) project in Belgium, is slated to begin in 2025 and is expected ...

Carlyle invests in Amp Energy to expand renewables and battery storage

Jan 11, 2021 · Amp Energy, which is based in

Canada, has developed more than 1.8 GW of distributed and utility-scale renewable generation projects, hybrid generation plus storage ...

Our Lifepo4 batteries can beconnected in parallels and in series for larger capacity and voltage.

I4B - The Belgian Infrastructure Fund invests in one of Belgium...

Jun 12, 2025 · The Belgian Infrastructure Fund is proud to announce the closing of the financing of a cutting-edge 600 MWh Battery Energy Storage System (BESS) in Visé together with ...

Eneco invests in major battery energy storage project in Belgium

Jun 7, 2023 · The battery energy storage project is another step in Eneco's investments in Belgium's transition to a fully sustainable energy system. With 128 onshore wind turbines, ...

Bnewable, Belgian energy storage firm, raises EUR40m

Dec 18, 2024 · Belgian energy storage firm Bnewable, founded in 2022 and specializing in battery systems and energy management for businesses, has announced a EUR40 million commitment ...

Press Release , Independent Belgian energy company ...

Dec 11, 2024 · Belgian energy director Bnewable, founded in 2022 and specializing in battery systems and energy management for businesses, announces a EUR40 million commitment of ...

Google Invests In Power Storage, Batteries Become An Option

Dec 2, 2024 · In 2017, the center added a 2.8MW solar array to supplement various other energy-saving measures already taken. Currently, the company is working to use battery energy ...

I4B Backs 600MWh Battery Project in Belgium

Jun 16, 2025 · I4B - The Belgian Infrastructure Fund - has announced a EUR30 million investment in a major battery energy storage system (BESS) project in Visé, Belgium. The 600MWh facility, ...

T2Y Capital invests in energy storage pioneer

Jul 29, 2025 · The company's storage solutions help to balance fluctuations in renewable energy supply, enhance grid stability, and enable the electrification of specialty vehicles. Prime ...

Engie, NHOA launch construction of 400-MWh battery in Belgium

May 14, 2025 · Energy storage system integrator NHOA Energy and French electric utility Engie SA (EPA:ENGI) held a groundbreaking ceremony on Wednesday for a 400-MWh battery ...

Belgium sodium ion battery energy storage

Rival Chinese maker BYD has also seen an increase in storage battery sales: it sold 57% more capacity in 2023 than the year prior. These companies are innovating fast on storage batteries ...

CBRE IM invests in Engie's Texas and California BESS portfolio

May 19, 2025 · Engie has partnered with CBRE Investment Management on a 2.4GW battery energy storage system (BESS) portfolio in Texas and California, US.

Belgium's Montea invests EUR30m in BESS - Batteries ...

Jun 14, 2024 · The company will invest EUR17.5 million (\$18.9 million) in installing BESS at 14 of its sites across Belgium, equipping almost half its portfolio with energy storage by the end of the ...

brussels 15 billion energy storage company

"VC investments into battery storage companies exploded in 2021, and for the first time, funding activity reflected the significance of battery energy storage in the energy transition.

TotalEnergies Launches in Belgium Its Largest Battery Energy Storage

May 17, 2023 · A First Flagship Energy Storage Project in Belgium After commissioning four battery parks in France offering total energy storage capacity of 130 MWh, this project will be

...

T2Y Capital invests in energy storage company Prime Batteries

Jul 29, 2025 · Headquartered in Bucharest, Prime Batteries is one of the technologically leading and independent providers of lithium-ion-based energy storage services in the European Union.

Belgium sodium ion battery energy storage

Is totalenergies developing a second battery storage project in Belgium? Antwerp, April 3, 2024 - On the occasion of Belgian Energy Minister Tinne Van der Straeten's visit to TotalEnergies' ...

Centrica Acquires 18 MW Battery Storage Project in Belgium

Nov 28, 2024 · Centrica, an energy services company operating mainly in the UK and Ireland, has bought an 18 MW battery storage project in Belgium called the Terhills battery park, expanding ...

48V 100Ah

TotalEnergies unveils battery storage venture in Belgium
