Can flow batteries be shipped by sea

Overview

Can lithium batteries be shipped by sea?

Due to the nature of lithium batteries, which contain lithium-ion, the shipping of these batteries by sea requires adherence to specific guidelines and best practices. The International Maritime Organization (IMO) provides guidelines for the safe shipment of lithium batteries by sea.

Can I ship batteries by air or sea?

The rules for shipping batteries by air or sea are becoming stricter, vary depending on individual carriers and are subject to change. We, therefore, recommend you check with your airline, courier or shipping company before you send them.

What types of batteries are transported by sea?

There are two main types of lithium batteries that are commonly transported by sea: Lithium-ion Batteries (UN3480): These batteries are rechargeable and are commonly found in electronic devices, such as smartphones, laptops, and cameras. They are classified under UN3480 and have specific packaging and labeling requirements.

Can I ship a lithium ion battery by air?

For this reason, any battery that is suspected or known to be defective (swelling, corroding or leaking, for example) is not permitted for shipping within the DHL Express network. When you're shipping lithium-ion batteries by air, it's essential to follow specific regulations regarding their state of charge (SoC).

How to transport lithium-ion batteries by sea?

Transporting lithium-ion batteries by sea requires compliance with specific regulations and guidelines to ensure the safe and efficient shipment of these potentially hazardous goods. One crucial aspect of this compliance is the

proper labeling and marking of the battery packages.

How do you ship lithium ion batteries?

Goods must be labelled as “Lithium Ion Battery” or “Lithium Metal Battery” and include appropriate shipping marks and hazard labels. Lithium batteries must have the correct documentation – including a Dangerous goods declaration, air waybill, and packing list. Can you Ship Lithium-ion Batteries Internationally?

Can flow batteries be shipped by sea
