# **Circuit breaker fuse for sale in Chicago**

## Overview

---

What are circuit breakers and fuses?

Circuit breakers and fuses are designed to cut the power in the event of a surge, protecting you from electric shock. They are safety features that can cause other things in the house to stop working if there's a deeper problem.

What is a circuit breaker & a fuse box?

Circuit breakers are part of the main electricity distribution system within your home. They are found in the circuit breaker box—often referred to as the "fuse box." Fuses provide a safety mechanism that disconnects electricity supply to a circuit in your home if something goes wrong.

Who manufactures low voltage circuit breaker in China?
