Product Model
HJ-ESS-215A(100KW/215KWH)
HJ-ESS-115A(50KW 115KWH)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Integrated Communication Base Station

Our solutions integrate ?base station environmental monitoring? to optimize performance in extreme conditions, alongside adaptable ?mobile base station solutions? for rapid deployment. ...

Integrated base station, integrated tower systems

Description: The integrated base station is one kind of fast integrated communication device, which consists of four parts: tower system, computer room system, antenna feeder system and ...

Communication Tower Integrated Base Station

Jul 7, 2025 · The integrated base station belongs to the technical field of mobile network base station construction in the communication industry. It is a revolution of the traditional split-type ...

High-Performance Integrated Base Station for Communication Towers

Jun 7, 2025 · The integrated base station belongs to the technical field of mobile network base station construction in the communication industry. It is a revolution of the traditional split-type ...

Integrated communication base station

The invention discloses an integrated communication base station which comprises an integrated box body, a lifting communication tower, an electromagnetic wave transmitting and receiving ...
