

Solar Storage Container Solutions

Container outdoor power supply discount

Solar

Overview

How many power supplies can be mounted in a 40ft container?

Power supplies <300kW can be mounted in only a single 40ft container, while greater powers can be achieved in multiple containers and connected upon delivery. Depending upon specifications, containerized power supplies may be stacked, or located side-by-side. Setup and testing or shut-down and packing can be achieved within a matter of days.

What types of power supplies can be provided?

A wide range of high voltage, CW DC, pulsed or modulated waveform outputs can be provided. The entire system is made to be entirely weatherproof. Power supplies <300kW can be mounted in only a single 40ft container, while greater powers can be achieved in multiple containers and connected upon delivery.

Are power supplies weatherproof?

The entire system is made to be entirely weatherproof. Power supplies <300kW can be mounted in only a single 40ft container, while greater powers can be achieved in multiple containers and connected upon delivery. Depending upon specifications, containerized power supplies may be stacked, or located side-by-side.

What's going on in container and passenger ports?

Ships arriving and departing, containers and merchandise being loaded and unloaded, countless people on the job: there's always a lot going on in container and passenger ports. Our solutions let you reliably supply power to container ships and terminals, large passenger ships, yachts, and boats of all sizes.

What are custom land-based power supply solutions?

We'll be happy to develop robust custom land-based power supply solutions

for you in accordance with the DIN VDE 0100- 709, part 7-709 standard for ports. These solutions are designed and built to resist seawater and strong winds. They ensure that your ship or ferry will always have the power it needs, also with long-term mooring.

Which receptacles withstand the high demands of container ports?

The lockable DUOi wall mounted receptacles withstand the high demands of container ports excellently. The practical LED voltage indicator provides information about the current status of the device. The robust MENNEKES plugs and sockets withstand the high demands of container ports excellently and are proven worldwide.
