## Overview

---

Where can I buy a 12V power supply in Dubai?

Next Power, a leading provider of electronic and electrical products in Dubai, offers a range of high-quality power supplies, including the EDR-120-48 Meanwell Power Supply, which delivers 12V at 6.3A. Their extensive inventory ensures fast access to over 40,000 products, supporting timely and professional service for various industrial needs.

What is the standard voltage in Dubai & the UAE?

In Dubai and the United Arab Emirates (UAE) the standard voltage is 220V at a frequency of 50 Hz. Electrical products and devices intended for use in most other countries will just need a plug socket adapter for use in Dubai and the UAE.

Why is the power supply industry booming in the United Arab Emirates?

When exploring the power supply industry in the United Arab Emirates, several key factors warrant attention. The UAE has made significant investments in diversifying its energy sources, focusing on renewable energy, particularly solar power, as part of its Vision 2021 initiative.
