Finland portable ups uninterruptible power supply

Overview

Why did energyaware build a new campus in Helsinki?

Our new campus in Helsinki, Finland, has been built to meet growing demand for our EnergyAware uninterruptible power supply (UPS) systems. Demand for UPS systems is particularly high in the data centre sector where the heavy processing requirements of AI applications and digital data management make continuous power supply vital.

How to choose the right uninterruptible power supply?

As a result, the demands made on uninterruptible power supplies are high. When choosing the right uninterruptible power supply, particular attention should therefore be paid to longevity, energy efficiency and reliability.

Do you need a DC UPS system for a navigation system?

For navigation systems on ships, the DC supply voltage must be maintained in the event of a power failure - with DC UPS systems from Weidmüller. We have the industry-specific high-performance solution for you. Whether, for example, buffer modules for systems in continuous operation or our maxGUARD load monitoring system for machine tools.
