# Generator switchgear in China in Iraq

## Overview

---

How reliable is Salah al-Din generator unit?

The No. 2 generator unit of the 2×630 Salah Al-Din power station in Iraq has been put into operation after 720 hours of reliability testing. It is the second generator unit of the power station to be made operable this year.

How has the Wasit power plant improved Iraq's power situation?

The Wasit Power Plant has made a significant contribution to improving Iraq's power situation," said Mohammed Jassim, deputy director of the plant, who has just returned from a study and business tour in China. The Chinese-built plant has also made great contributions to the economic and social development of Iraq.

What is Iraq's largest thermal power plant?

As Iraq's largest thermal power plant, it has generated nearly 150 billion kilowatt-hours of electricity to date. At the peak of its power generation, it ensured 70 percent of the power supply in the capital Baghdad while providing the entire country with 30 percent of its power needs.

How many Iraqis have been trained in Shanghai?

According to Lv, nearly 200 Iraqis have undergone technical training in Shanghai and over a thousand Iraqis have received operational and maintenance training from Chinese staff at the plant. This enables them to run and maintain the power station independently, now under the supervision and guidance of Shanghai Electric.

Why are power shortages a problem in Iraq?

Among the myriad challenges faced by Iraq, power shortages have been a persistent woe, severely hindering its development. In the scorching Iraqi summer, where temperatures can exceed 50 degrees Celsius, the demand for electricity soars, further aggravating power shortages and leaving citizens

feeling very uncomfortable.

Why did China and Iraq join the Belt & Road Initiative?

Mohammed recalled that many foreign companies left, while Chinese friends chose to stay with the plant to ensure Iraq's power supply. In 2015, China and Iraq established a strategic partnership and signed cooperation agreements under the Belt and Road Initiative (BRI), injecting new vitality into China-Iraq relations.
