

Solar Storage Container Solutions

High quality 1 2 kw solar inverter factory exporter

Overview

What types of solar inverters are available?

Offering a diverse range of inverters, including residential hybrid models ranging from 1.2kW to 20kW, as well as commercial & industrial energy storage units from 20kW to 235kW, ESS solutions, and portable power stations, we cater to a wide array of solar system sizes and applications.

Who is Sosen energy storage inverter?

SOSEN, with a decade of expertise in R&D and manufacturing of energy storage inverters, boasts a team of dedicated researchers. Supported by technological advancements and high-end production facilities, it has garnered numerous accolades and is recognized as a leading national high-tech enterprise in China.

What is a C&I energy storage inverter?

C&I energy storage inverters range from 20kW to 235kW, ensuring reliable, efficient energy conversion across all scales. A state-of-the-art 70,000-square-meter facility, armed with cutting-edge production and rigorous testing machinery, propels your business forward with unparalleled efficiency and robust productivity.
