Home battery storage cabinet

Overview

What is a battery cabinet?

A battery cabinet is a particular type of storage cabinet that reduces the risks associated with lithium-ion batteries. These innovative cabinets create a safer environment in which workplaces can charge and store their li-ion cells.

Who is Home Battery Storage?

Home Battery Storage is a trusted supplier of Solax products for trade and domestic use across the UK for renewable energy solutions. They offer Solax Home Batteries and AC Chargers, including the Solax triple power battery, which is a high voltage battery solution for your home.

What is domestic battery storage?

Domestic battery storage is a rapidly evolving technology that is typically used alongside solar photovoltaic (PV)*. It allows surplus electricity generated by solar panels to be stored for later use, rather than exported to the National Grid. If you have solar PV, you can generate plenty of electricity when the sun is shining.
