Honduras 24-hour UPS uninterruptible power supply

Overview

What is a SDU DC UPS?

The SDU DC UPS is a powerful, microprocessor controlled UPS that provides protection from power interruptions. The SDU Off-Line DIN Rail UPS series combines an industry leading compact design with a wide operation temperature range and unique installation options.

What is a s3k uninterruptible power supply mini-tower?

The S3K uninterruptible power supply mini-tower is an economical choice for those applications requiring the performance of a sinewave output, line interactive UPS with the mini-tower shape for cabinet installations.

How does the s3k series uninterruptible power supply work?

The S3K Series uninterruptible power supply protects against most severe power disturbances including over/under voltages through state of art, line-interactive technology - most power disturbance corrections are accomplished without transferring to the internal battery.
