House solar inverter for sale in Melbourne

Overview

Are solar inverters a good choice in Melbourne?

In fact, our top-notch solar inverters in Melbourne have become a popular choice among both businesses and homeowners. Let us help you find the ideal solar inverter for your home anywhere across Victoria and kickstart your journey towards saving on energy costs today! Understanding Solar Inverters and How They Function.

What is a solar inverter?

The inverter is the core of your solar power system. SeekSolar offers the best solar inverters in Melbourne, featuring high-quality solutions tailored to your needs.

How much does a solar inverter cost?

Typically, this component constitutes around 20% of the total system cost. For instance, budget single-phase 5kW solar inverters, like Goodwe, start at \$1,000, while premium models such as Fronius or SMA can fetch upwards of \$2,000. Keep in mind, opting for a 3-phase 5kW inverter adds around \$500 or more to these prices.

Should you install a solar power system in Melbourne?

While Melbourne doesn't get as much sun as other cities in Australia it still gets more than enough to make the installation of a solar power system a smart decision. Over time the technology involved in creating solar power is becoming cheaper which means your outlay is reduced, creating more value.

Is solar power a good idea in Melbourne?

At last check nearly 20% of homes across Victoria have adopted solar power as a way to reduce their power bill and help provide a better future for our planet. While Melbourne doesn't get as much sun as other cities in Australia it still gets more than enough to make the installation of a solar power system a

smart decision.

What types of solar inverters are there?

There are several types of solar inverters that exist, and it's important to consider which type of inverter or inverters best fits your solar power solution. This type reigns as the go-to choice for residential solar setups. With the exception of Enphase, most residential installations utilise string inverters.
