# How much does an uninterruptible power supply cost in Gothenburg Sweden

## Overview

---

Why does electricity cost so much in Sweden?

For instance, during colder months, demand for electricity can surge, leading to higher prices. Similarly, global events such as geopolitical tensions or changes in energy policies can also impact the cost of electricity. As of now, the average electricity price in Sweden is around 65 öre per kWh.

Can I Choose my electricity supplier in Sweden?

Whatever your reasons, the good news is that in Sweden, you have the freedom to choose your electricity supplier. When you move into a new home in Sweden, you're automatically connected to the local electricity grid, and your electricity is supplied by a default company. However, you're not locked into staying with this company.
