How much does a battery repair cost?

Some repair shops charge diagnostic fees to evaluate why a battery needs replacement. These fees typically range from \$20 to \$50, depending on the shop's policies. While some shops waive this cost if you proceed with the repair, others do not. Understanding this potential cost in advance can help avoid unexpected expenses.

Is a battery replacement worth it?

Hidden costs include diagnostic fees, potential additional repairs, data backup, and temporary device downtime, all of which should factor into your decision. Replacing the battery is usually worth it if the cost is under 30% of the phone's original price and the device is less than 3 years old and still performs well.
