# How much is the price of energy storage vehicles in Rwanda

Nominal Capacity

**280Ah**

Nominal Energy

**50kW/100kWh**

IP Grade

**IP54**

## Overview

---

How many electric cars did Rwanda import in 2021?

The growth in electric vehicle imports has been dramatic. In 2020, Rwanda imported only 19 fully electric cars, with no hybrid models. By 2021, this number had increased to 38 electric vehicles and 28 hybrids. In 2022, the figures rose to 134 electric cars and 520 hybrids, followed by a jump in 2023 to 103 electric vehicles and 2,386 hybrids.

How many electric cars are there in Rwanda?

Since 2020, when Rwanda began its major shift towards electric vehicles, the country has seen its electric car fleet grow to over 7,000, including both fully electric and hybrid models. Notably, in the first nine months of 2024, more electric vehicles were imported than in any previous year, underscoring a rapid transition on Rwanda's roads.

How much does e-mobility cost in Rwanda?

The estimated cost of transitioning to e-mobility and the adoption of electric vehicles in Rwanda is 900 million USD. However, transitioning to electric motorcycles alone would save the Rwandan economy 23 billion RWF (22 million USD) in fuel imports per year.

How much CO<sub>2</sub> is emitted from road transport in Rwanda?

CO<sub>2</sub> emissions from road transport account for 13% of the total emissions in Rwanda and are expected to continue to rise. Although buses comprise only 15% of the total vehicles in Rwanda, they constitute approximately 40% of the total emissions from the transport sector.

Are buses bad for the environment in Rwanda?

Although buses comprise only 15% of the total vehicles in Rwanda, they constitute approximately 40% of the total emissions from the transport sector. The average age of buses in Rwanda is 9 years resulting in lower fuel

efficiency (9.2 L/100Km) and higher emissions (220 gCO<sub>2</sub> /km).

What cars are popular in Rwanda?

These brands are quickly gaining traction compared to traditional market leaders like Toyota. Among the most popular models in Rwanda are the Kia K5, Kia 7, and Hyundai Sonata, with prices ranging between 12 million and 15 million Rwandan francs. Most of these cars are secondhand, typically from 2012 to 2016.
