# How to replace the battery cabinet

## Overview

---

How do I replace a battery?

Identify the battery's polarity. The positive (+) side should be facing up. Insert the battery into the battery holder and push it down until you hear a click to ensure that the battery is securely locked. Warning: When replacing a battery, be sure to only replace it with the same type.

What is a take-out power exchange cabinet?

The take-out power exchange cabinet created by Hangzhou Leifeng New Energy Technology Co., Ltd. replaces “charging” with “power exchange”. It only takes 10 seconds to easily recharge the electric vehicle and provide a safe and efficient power solution for the rider.

Why should you choose Leifeng take-out switch cabinets?

At present, Leifeng take-out switch cabinets are not only widely used in the real-time distribution industry such as Meituan and Hungry, but also have reached cooperation with multiple police departments in Hangzhou. They have rich operational experience and good market reputation.
