Huawei Bahrain Energy Storage Industry Project

Overview

What is Huawei digital power partnering with sepcoiii?

At the summit, Huawei Digital Power signed a key contract with SEPCOIII for the Red Sea Project with 400 MW PV plus 1300 MWh battery energy storage solution (BESS), which is currently the world's largest energy storage project. The two parties will cooperate to help Saudi Arabia build a global clean energy and green economy center.

What is the largest off-grid energy storage project in the world?

This 1300 MWh off-grid energy storage project is the largest of its kind in the world and represents a milestone in the global energy storage industry. The Red Sea Project has been listed in the Saudi Vision 2030 as a key project. Its developer is ACWA Power, and the general contractor of EPC is SEPCOIII.

How many employees does Huawei have?

Founded in 1987, Huawei is a leading global provider of information and communications technology (ICT) infrastructure and smart devices. We have more than 197,000 employees, and we operate in more than 170 countries and regions, serving more than three billion people around the world.
