## Overview

---

What is Huawei Finland Research Center?

Through open collaboration with ecosystem partners, we create lasting value for our customers, working to empower people, enrich home life, and inspire innovation in organizations of all shapes and sizes. Huawei Finland Research Center was established in 2012.

What makes Huawei a great company?

Huawei is a leading global provider of information and communications technology (ICT) infrastructure and smart devices. With integrated solutions across four key domains – telecom networks, IT, smart devices, and cloud services – we are committed to bringing digital to every person, home and organization for a fully connected, intelligent world.

How many employees does Huawei have?

We have more than 195,000 employees, and we operate in more than 170 countries and regions. Founded in 1987, Huawei is a private company fully owned by its employees. Huawei's end-to-end portfolio of products, solutions and services are both competitive and secure.
