**Is there a battery cabinet  
factory in Baghdad**

## Overview

---

Where is the 'Baghdad Battery'?

ABOVE: Old photograph from Atlas Obscura of the original “Baghdad battery,” which was stolen during the United States’ invasion of Iraq in 2003 and is now missing. No one knows where it is. The so-called “Baghdad battery” gets stolen.

When were the Baghdad Batteries built?

The Baghdad Batteries, now sitting in the Baghdad Museum, are approximately dated to around 250 B.C. There are as many as twelve of them. Perhaps, if one had been left out, the world would not have had to wait for Alessandro Volta. Who knows what other inventions lie buried beneath the desert sands?

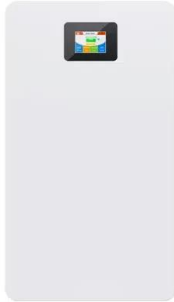

.
