Kenya New Energy Battery Storage Box Company

Overview

The Kenya Electricity Generating Company PLC (KenGen) has unveiled its first-ever Battery Energy Storage System (BESS) to power its modular data centre in Nairobi. Who is implementing a battery energy storage system in Kenya?

Nairobi, Friday, November 24, 2023: Kenya Electricity Generating Company PLC (KenGen), has been earmarked as the Implementing Agency for the Battery Energy Storage System (BESS) as part of the Kenya Green and Resilient Expansion of Energy (GREEN) program, funded by the World Bank.

What is a battery energy storage system (BESS)?

The BESS will serve as a crucial repository for surplus energy generated from geothermal and Variable Renewable Energy (VRE) sources, enabling improved electricity service delivery to Kenyans. "KenGen is honoured to lead the implementation of the Battery Energy Storage System (BESS) project under the GREEN program.

Why is Kenya partnering with the World Bank for a Bess project?

"KenGen, in collaboration with the Government of Kenya and the World Bank, is committed to the successful execution of the BESS project. This endeavor represents a pivotal step towards achieving a more resilient and sustainable energy future for Kenya," said Eng. Njenga. . . . Ends. .
