Malta Energy Efficient Solar System Quote

Overview

How to choose solar panels in Malta?

A key factor for many homeowners in selecting solar panels in Malta is cost effectiveness. We evaluate panels based on “financial efficiency”, or the cost of the energy the panels will produce over their lifetime (cost per kilowatt-hour produced).

Why should you choose renergy in Malta?

This means with Renergy, for every Watt of system size you pay for, you get more energy production. This further improves the financial efficiency and your return on investment. The performance of all modules offered by Renergy Ltd in Malta is unmatched by other widely touted modules.

Which solar panels do you use at Panta?

At Panta, we use top-of-the-market solar panels that are extremely efficient and require minimal roof space. We opt for Huasun solar panels and Sungrow inverters. Both companies are renowned worldwide as the leading manufacturers of products for electricity generation from solar energy.

Why should you choose Panta solar?

We have found that the combination of Huasun and Sungrow products provides one of the most power-efficient systems available. Our team of technicians are dedicated to their craft. From tailoring the design of your system to installation, maintenance and after-sales service, Panta will support you throughout the lifespan of your solar solution.

How does Panta support my solar system?

From tailoring the design of your system to installation, maintenance and after-sales service, Panta will support you throughout the lifespan of your solar solution. Under certain conditions, you may also be eligible for a government subsidy when purchasing a solar electricity generation system.

Which solar panel brands does Renergy work with?

Renergy works with the best solar panel brands, including QCells from Germany, LG, and Sunpower from the United States.
