Metal clad switchgear factory in Colombia

Overview

What is metal clad switchgear?

Technical Specification Metal-clad Switchgear This specification covers the basic design and functional requirements medium voltage metal-clad switchgear with vacuum circuit breakers and optional arc resistance. It is intended as a supplement to single line dia.

Is secogear a metal clad breaker?

SecoGear is available in standard IEEE metal-clad construction. SecoGear is designed and fully tested to IEEE standards. It utilizes GE's latest SecoVac vacuum circuit breaker, third-party tested in accordance with IEEE C37.09. Manufactured in accordance with high quality standards, engineers have integrated core technologies.
