

## Solar Storage Container Solutions

# Mge uninterruptible power supply

## Overview

---

MGE UPS Systems, manufactured by Schneider Electric, offer 3 Phase UPS power protection, solving today's energy challenges while setting the standard for quality and innovation with fully integrated solutions for enterprise-wide networks, data centers, mission-critical systems, and industrial/manufacturing processes. What is a MGE UPS system?

No Tariffs. Reduced Prices. Ready to Ship. MGE UPS systems by Schneider Electric offer fully integrated solutions for data centers and mission critical systems, such as 3 phase UPS systems for power protection. Galaxy UPS are highly efficient, compact, modular, and scalable UPS for medium and large data centers or critical facilities.

What is MGE power protection?

MGE manufactured by Schneider Electric offers 3 Phase UPS power protection, solving today's energy challenges while setting the standard for quality and innovation with fully integrated solutions for enterprise-wide networks, data centers, mission-critical systems, and industrial/manufacturing processes.

What is MGE 3P ups?

With three-phase power protection ranging from 10kVA to over 1MW, the MGE product family offers ease of use features such as front-access doors and a large, user-friendly display. MGE 3P UPS equipment is well-suited for facility and industrial applications in addition to data center installations.

What is a three-phase uninterruptible power system (UPS)?

This specification describes a three-phase, on-line, double conversion, solid state Uninterruptible Power System hereafter referred to as the UPS. The UPS shall operate in conjunction with the existing building electrical system to provide high quality power conditioning, back-up power protection and distribution for electronic equipment loads.

Who owns the MGE single phase product line?

The MGE Single Phase product line was purchased by Eaton Powerware in 2007. For information regarding replacement units for all MGE Single Phase product including MGE Pulsar, MGE Pulsar EX RT, MGE Pulsar Evolution, and the MGE EX RT, please visit the Eaton Powerware page of our website.

What is the output power rating of a ups?

Output Power Continuous Rating: The continuous output power rating of the UPS shall be [ ] kVA at a 0.9 lagging power factor. Input Voltage: 480 VAC - 15% / +10%, 3 phase, 3 wire "grounded wye" configuration plus ground.
