Outdoor power brand new

Overview

Which outdoor power equipment should you buy?

You'll typically find him in his old fixer-upper, engrossed in a DIY project or trying out a new recipe. The best outdoor power equipment you can buy right now, from Consumer Reports tests of snow blowers, lawn mowers, string trimmers, and more.

How does Consumer Reports test outdoor power equipment?

Consumer Reports' process goes something like this: Every year, our market analysts identify hundreds of new pieces of outdoor power equipment. We deploy a team of secret shoppers to buy each model we test to ensure that we're getting the same products you'd find at retail. Even after we test the tools, we're still not done.

What types of outdoor power equipment do CR members use?

CR members with digital access can dig through those ratings, which include hundreds of individual models, from three-stage gas snow blowers to battery-powered pressure washers. (Or you can simply scroll down for our selection of the very best outdoor power equipment from our tests.).

What is the best self-propelled lawn mower?

The EGO POWER+ 22" Aluminum Deck Select Cut™ Self-Propelled Lawn Mower delivers exceptional cutting performance with up to 11.1 foot-pounds of torque and blade speeds up to 3,350 RPM to generate powerful suction and increased lift for a precise, even cut. The ultra-durable 22-inch cast aluminum deck is backed by a lifetime warranty.

Do yard power tools have a warranty?

While the details can change, most yard power tools have either two or three years of limited warranty and a 90-day period during which you can return your tools and exchange them with something else. A handful of tools,

including the various versions of the Ryobi Zero Turn Mowers, come with five years of warranty for personal use.

Which ExMark Mower has the best PtiA?

Shifting gears to the ride-on mower category, Exmark's Vertex X-Series 72-inch model took home a PTIA win this year. It focuses on improvements to operator comfort and features intuitive controls with better maneuvering thanks to a low center of gravity.
