

## Solar Storage Container Solutions

# Polymer battery station cabinet

## Overview

---

What types of storage cabinets are available for lithium-ion batteries?

Various cabinet sizes and equipment variants are available for the safe storage of lithium-ion batteries. There are safety cabinets that are used exclusively for the passive storage of batteries, as well as those that allow both the storage and charging of lithium-ion batteries.

Are there safety cabinets for lithium ion batteries?

There are safety cabinets that are used exclusively for the passive storage of batteries, as well as those that allow both the storage and charging of lithium-ion batteries. ION-LINE passive storage safety cabinets offer a standard 90-minute fire resistance rating both from the outside to the inside and vice versa.

How do I choose a battery storage cabinet?

No matter what safety level you choose, all cabinets offer these key safety features: If you only wish to store batteries in the cabinet, choose the STORE version. If you intend to charge (active storage) batteries directly in the cabinet, then choose the CHARGE version.

Why do you need a lithium ion battery cabinet?

These cabinets effectively prevent a fire from spreading from the outside to the batteries stored inside. At the same time, the risk of a fire inside the cabinet caused by the lithium-ion batteries or accumulators is also minimised because spread to the surrounding area is prevented.

Why do you need a batteryguard Battery Cabinet?

With a Batteryguard battery cabinet, you charge and store your batteries with complete peace of mind. You protect your staff, prevent damage, and meet the requirements of your insurer. And in some countries, you may even benefit from financial incentives or grants. Do you have any idea whether your

business is at risk of a battery fire?

.

How does the Ion-line safety cabinet work?

If temperature rises or smoke develops in the cabinet, a 3-stage safety system is activated to initiate fire suppression and trigger alerts. > Discover the ION-LINE charging cabinets. With the ION-LINE safety cabinets from asecos, you can significantly reduce the risk when storing and charging lithium-ion batteries.
