Singapore Custom Container Wholesale

Overview

What is container shipping in Singapore?

Container shipping simply means that your goods will be transported inside a container on a ship. There are only two ports in Singapore: the PSA Singapore terminal and the Jurong Port. They are located quite close to each other, so there's no huge difference in shipping prices. Container shipping can be broadly classified into two main categories:.

Are Custom containers a good option for businesses in Singapore?

This cost-efficient approach makes custom containers an attractive option for startups and established businesses alike. Flexibility is another major benefit of custom containers for businesses in Singapore.

Where are singamas containers made?

Opening its first container factory in Shanghai in 1990, the management of Singamas from the outset regarded China as an important base for its production activities. Maintaining this view, the company strategically established factories in key coastal ports, operating 4 facilities in the country.

How many production factories does singamas group have?

Singamas Group operates four production factories in the PRC, producing dry freight containers, collapsible flatrack containers, bitutainer containers, tank containers, offshore containers, other specialized containers and container parts. Singamas Group operates four production factories and runs eight container depots in the Asian-Pacific region.

Are Custom containers a sustainable solution for your business?

Sustainability is a crucial consideration for modern businesses, and custom containers in Singapore offer an environmentally friendly solution. By repurposing shipping containers, businesses can reduce their carbon footprint and contribute to a more sustainable future.

What types of containers do we offer for sale and leasing?
