

## **Solar Storage Container Solutions**

# **Solar energy storage system manufacturer in Valparaíso Chile**

## Overview

---

Who is solar energy company?

Founded in 2001 and headquartered in Kitchener, Ontario, the Company is a leading manufacturer of solar photovoltaic modules; provider of solar energy and battery energy storage solutions; and developer, owner, and operator of utility-scale solar power and battery energy storage projects.

Who is Canadian Solar?

Since entering the project development business in 2010, Canadian Solar has developed, built, and connected approximately 11.5 GWp of solar power projects and 4.5 GWh of battery energy storage projects globally.

Why is e-storage delivering a major project in Chile?

Colin Parkin, President of e-STORAGE, stated: “We are pleased to extend our energy storage expertise through the delivery of our first major project in Chile, supporting the government’s ambitious goal of getting 70% of its electricity from renewable sources by 2050.

Is Canadian Solar a bankable company?

Canadian Solar is one of the most bankable companies in the solar and renewable energy industry, having been publicly listed on the NASDAQ since 2006. For additional information about the Company, follow Canadian Solar on LinkedIn or visit About e-STORAGE.

How many GWh of battery energy storage has Canadian Solar shipped?

Through its subsidiary e-STORAGE, Canadian Solar has shipped over 10 GWh of battery energy storage solutions to global markets as of December 31, 2024, boasting a US\$3.2 billion contracted backlog as of December 31, 2024.
