

## Solar Storage Container Solutions

# Swiss solar tiles sales

## Overview

---

What is a solar roof tile?

The solar roof tile replaces conventional roof tiles and integrates seamlessly into the roof structure. Solar roof tiles from Schweizer are mounted directly on the roof battens, similar to traditional roof tiles. This eliminates the need for an additional substructure.

How do solar roof tiles work?

Solar roof tiles from Schweizer are mounted directly on the roof battens, similar to traditional roof tiles. This eliminates the need for an additional substructure. The size format is equivalent to five flat tiles, further accelerating installation. The uniform visible surface also facilitates visually attractive roof integration.

What are freesuns solar tiles?

Designed in Switzerland and individually hand-crafted to the highest industry quality standards, Freesuns solar tiles have been developed to last. As a result, they are more robust than normal roof tiles and much stronger than ordinary solar panels. Our tiles can be adapted to any roof with variations in shape, colour, and size.

Where can I buy soltile roof tiles?

The uniform visible surface also facilitates visually attractive roof integration. Soltile is currently available in Switzerland from the company AGZ-Ziegeleien and in Scandinavia from Skarpnes (under the brand name Vatio). The market launch in Germany is being planned.

Which solar roof tile should I Choose?

The Solaris™ Classic is our base tile suitable for most applications and a great match for contemporary architecture. The rendering is stylish and powerful. Freesuns solar/photovoltaic tiles allow you to have 100% coverage and a solar

roof that improves both aesthetics and performance.

Which Solaris tile should I Choose?

The Solaris™ Premium Black tile is simple and elegant. It is the perfect product for buildings where you want to have solar cells that are barely visible. The Solaris™ Classic is our base tile suitable for most applications and a great match for contemporary architecture. The rendering is stylish and powerful.
