

## Solar Storage Container Solutions

# The largest battery energy storage company in Cameroon

## Overview

---

Where are Eneo solar & battery storage plants located in Cameroon?

Release entered into a lease agreement with ENEO, an electricity company, in 2021 to deliver two solar hybrid and battery storage plants that have a combined capacity of 36MW solar and 20MW/19MWh of storage. The plants are located in Maroua and Guider, in the Grand-North Cameroon.

Does Scatec have a solar power plant in Cameroon?

10 June 2024, Cameroon/Norway: Release by Scatec has entered into two new lease agreements with the national electricity company ENEO in Cameroon, expanding its existing solar and battery storage power plants in the country to 64.4 MW of solar and 38.2 MWh of batteries.

When is release by Scatec launching solar plants in Cameroon?

22 September 2023, Cameroon: Today, Release by Scatec celebrates the inauguration of the solar plants in Cameroon. Release entered into a lease agreement with ENEO, an electricity company, in 2021 to deliver two solar hybrid and battery storage plants that have a combined capacity of 36MW solar and 20MW/19MWh of storage.

Who is benefiting from Cameroon's two solar power projects?

Residents and industries are benefiting from the two solar power projects in the northern parts of Cameroon.

How much energy will release supply in Cameroon?

When the extensions of the projects are completed, Release's projects in totality will supply energy to about 200,000 households in Cameroon, according to ENEO estimates, generating an annual production of about 141.5 GWh of electricity.

Are solar power plants generating electricity in Cameroon?

The solar power plants have been completed in phases generating electricity throughout 2022 and are now fully completed. There have been reports of significant improvements of electricity supply in the northern parts of Cameroon. Regions that fall under the Northern Interconnected Network were prone to experiencing power outages.
