

Solar Storage Container Solutions

UK UPS uninterruptible power supply manufacturer

Overview

Who makes uninterruptible power supplies?

Swiss made and designed Uninterruptible Power Supplies for the present and future of the most critical power applications. From Standalone PremiumTower10-60kW to the most advanced and highest availability modular solution CumulusPower. Centiel advanced technology takes availability to the next level.

Who are authorised ups service partners?

Our product portfolio is meticulously selected so the right continuity solutions can be designed, delivered, installed and maintained for each client's exact power protection requirements. We are authorised UPS service partners for Borri, Legrand, Huawei and CertaUPS.

What's new with ups?

The solution proposed by UPS means that we can now remotely monitor each of our UPS that are dotted around our large and dispersed site, giving us total reassurance in the case of an emergency. - Nick Allin, Bournemouth University
I'd like to thank you team for all their efforts over the last two days to replace our two UPS systems.

Why should I use UPS systems?

UPS Systems provided a faultless service throughout the process of consulting, specifying and installing a new UPS. The information provided was clear, detailed and the installation was efficiently completed within the specified timeframe. I would not hesitate to use or recommend UPS Systems for future projects.

What types of power supply systems are suitable for emergency lighting applications?
