Overview

Who are switchgear Ltd?

Welcome to Switchgear Ltd. We specialise in the supply of low voltage switchgear systems supplied to trade and industry.

Who are SSC control panels & switchgear?

SSC design, manufacture, install, and maintain Control Panels and Switchgear throughout the UK. We specialise in the manufacture of LV (low voltage) switchgear, control panels, power factor correction equipment, auto change over switchgear, busbar systems and PDU's.

What is switchgear and control gear?

Switchgear is a collective term for electrical disconnect switches, circuit breakers and fuses that ensure that electrical equipment is controlled, isolated and protected. Generally speaking, low, medium and high voltage switchgear is employed in power distribution applications.

What type of switchgear is used in power distribution applications?

Generally speaking, low, medium and high voltage switchgear is employed in power distribution applications. Control gear that is low or medium voltage is generally used in industrial applications where electrical equipment – particularly electric motors - needs to be protected from earth faults, surges and short circuits.

Who owns Switchgear & Instrumentation Limited?

Powell Industries, Inc., a leading manufacturer of equipment and systems for the management and control of electrical energy acquired UK-based Switchgear & Instrumentation Limited (S&I) on July 5, 2005.

Who is northern switchgear?

Based in Belfast City Centre and established in 1999, Northern Switchgear Ltd has become a leading electrical wholesaler and bespoke switchboard manufacturer serving industries across the UK, Ireland and throughout Europe.
