# Battery cabinet protects station cabinet

## Overview

---

What is a lithium-ion battery charging Safety Cabinet?

Justrite's Lithium-Ion battery Charging Safety Cabinet is engineered to charge and store lithium batteries safely. Made with a proprietary 9-layer ChargeGuard™ system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries. [Shop Now.](#)

What are cellblock battery storage cabinets?

CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them. Our practical, durable cabinets are manufactured from aluminum, and lined with CellBlock's Fire Containment Panels.

Are battery storage cabinets safe?

Without the right separation, climate, and safety measures in place, storing batteries on-site poses a dormant but potentially expensive and devastating threat to your work environment. CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them.

Why do you need a batteryguard Battery Cabinet?

With a Batteryguard battery cabinet, you charge and store your batteries with complete peace of mind. You protect your staff, prevent damage, and meet the requirements of your insurer. And in some countries, you may even benefit from financial incentives or grants. Do you have any idea whether your business is at risk of a battery fire?

.

Are batteryguard battery safes fire-resistant?

Every Batteryguard battery safe is built with a fire-resistant construction at its

core, ensuring compliance with the strictest safety requirements and standards. A battery fire can devastate your business. With a Batteryguard battery cabinet, you charge and store your batteries with complete peace of mind.

Are batteryguard batteries safe?

This way, you protect your business while meeting the requirements of insurers and safety regulations. No matter what type of batteries you use – small or large, many or few – there is always a Batteryguard battery safe that suits your working environment. All XL models are VDMA 24994-certified, providing proven safety.
